Price Offer and Demand Management – Turkcell Global-Information

- The first project I used AngularJs
- Used asp.net MVC, AngularJs, IoC infrastructure and component based on n-tier architecture.

Enerjisa WebOnline – Enerjisa

- Joined in the second phase, the first ASP.NET MVC project
- The project I improved myself on MVC, WCF integration and javascript

## **Programming Languages**

- C#
- Java
- Javascript
- Sql
- Typescript

## **Frameworks & Libraries**

- ASP.NET MVC, Entity Framework, Dapper
- Spring-boot
- jQuery, Angular

## **Tools**

- Visual Studio, IntelliJ IDEA, Eclipse
- SQL Server Management Studio, MySQL Workbench 6/8, PgAdmin
- GIT, TFS
- NPM, Maven, Nuget
- TeamCity, Bamboo, Bitbucket Pipelines
- IIS, Nginx

## **Operation Systems**

- Windows Server
- MacOS
- Ubuntu Server

## **Courses**

- 2014 – Advance C# Applications – BT Akademi
- 2014 – Client-Side Programming with Javascript – BT Akademi
- 2014 – OOP Principles & Design Patterns – BT Akademi
- 2015 – Enterprise Design Patterns & Architectures – BT Akademi

## **Certificates**

- 2014 – Microsoft Certificated Professional - Microsoft
- 2013 – Certificate of Attendance Software and Database Expertise – BilgeAdam
- 2013 – Cert. of Outstanding Achievement in Software & Database Expertise –BilgeAdam

## **Languages**

- English – Pre-Intermediate

## **Interests**

Software architecture, Domain specific languages, Camping, MMORPG, FPS Games, Strategy Games, Pour over coffee brewing, Plugin systems
